

Journals for 2018

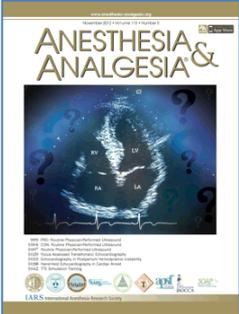

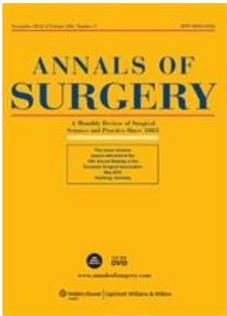

<p>Age and Ageing</p> 	<p>2001 – present (OVID)</p> <p><i>Age and Ageing</i> is an international journal publishing refereed original articles and commissioned reviews on geriatric medicine and gerontology. Its range includes research on ageing and clinical, epidemiological, and psychological aspects of later life.</p>
<p>American Journal of Nursing</p> 	<p>1996 – present (OVID)</p> <p>Peer reviewed and evidence-based, it is considered the profession's premier journal. AJN's mission is to promote excellence in nursing and health care through the dissemination of evidence-based, peer-reviewed clinical information and original research, discussion of relevant and controversial professional issues, adherence to the standards of journalistic integrity and excellence, and promotion of nursing perspectives to the health care community and the public.</p>
<p>American Journal of Occupational Therapy</p> 	<p>2000 – present (OVID)</p> <p>The American Journal of Occupational Therapy (AJOT) is the official peer-reviewed journal that focuses on research, practice, and health care issues in the field of occupational therapy. AJOT publishes articles that are theoretical and conceptual and that represent theory-based research, research reviews, and applied research related to innovative program approaches, educational activities, and professional trends.</p>

<p>American Journal of Sports Medicine</p> 	<p>1999 – present (SAGE)</p> <p>An invaluable resource for the orthopaedic sports medicine community, The American Journal of Sports Medicine is a peer-reviewed scientific journal, first published in 1972. The journal acts as an important forum for independent orthopaedic sports medicine research and education, allowing clinical practitioners the ability to make decisions based on sound scientific information.</p>
<p>American Journal of Surgical Pathology</p> 	<p>1996 – present (OVID)</p> <p>The American Journal of Surgical Pathology has achieved worldwide recognition for its outstanding coverage of the state of the art in human surgical pathology. In each monthly issue, experts present original articles, review articles, detailed case reports, and special features, enhanced by superb illustrations. Coverage encompasses technical methods, diagnostic aids, and frozen-section diagnosis, in addition to detailed pathologic studies of a wide range of disease entities.</p>

<p style="text-align: center;">Anesthesia and Analgesia</p> 	<p>1957 – present (OVID)</p> <p><i>Anesthesia & Analgesia</i> exists for the benefit of current and future patients under the care of health care professionals engaged in the disciplines broadly related to anesthesiology: perioperative medicine, critical care, and pain management. The Journal furthers the care of these patients by reporting the fundamental advances in the sciences of these clinical disciplines and by documenting the clinical, administrative, and educational advances that guide therapy.</p>
<p style="text-align: center;">Anesthesiology</p> 	<p>1995 – present (OVID)</p> <p><i>Anesthesiology</i> founded in 1940, leads the world in publication of peer-reviewed novel research that transforms clinical practice and fundamental understanding in anesthesiology: the practice of perioperative, critical care, and pain medicine.</p>
<p style="text-align: center;">Annals of Surgery</p> 	<p>1996 – present (OVID)</p> <p><i>Annals of Surgery</i>, the world's most highly referenced surgery journal, provides the international medical community with information on significant contributions to the advancement of surgical science and practice. Surgeons look to <i>Annals of Surgery</i> first for innovations in practice and technique. Special editorial features include "Advances in Surgical Technique", which provides up-to-the-minute coverage of current clinical issues, and monthly review articles that cover the most current practice concerns.</p>

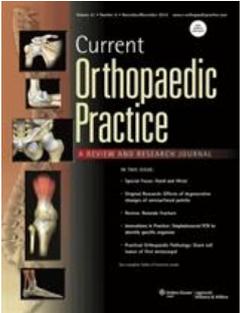

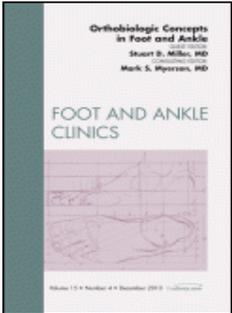

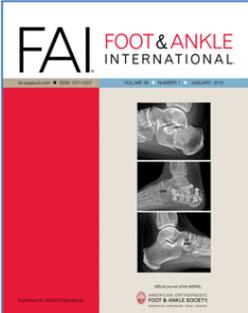

<p style="text-align: center;">Arthroscopy</p> 	<p>2006 – present (ScienceDirect)</p> <p>Nowhere is minimally invasive surgery explained better than in <i>Arthroscopy</i>, the leading peer-reviewed journal in the field. Every issue enables you to put into perspective the usefulness of the various emerging arthroscopic techniques. The advantages and disadvantages of these methods -- along with their applications in various situations -- are discussed in relation to their efficiency, efficacy and cost benefit. Online features include full text of all articles, video clips, short reports, and MEDLINE links to related articles.</p>
<p>BMJ (formerly the British Medical Journal)</p> 	<p>1840 – present (BMJ)</p> <p><i>The BMJ</i> (formerly the British Medical Journal) is an international peer reviewed medical journal and a fully “online first” publication.</p> <p><i>The BMJ's</i> vision is to be the world’s most influential and widely read medical journal and its aim is to help doctors and other health professionals to make better clinical decisions.</p>
<p>Bone and Joint – 360</p> 	<p>2012 – present (BMJ)</p> <p><i>360</i> aims to support busy orthopaedic clinicians and researchers keep up to date by summarising the bottom-line clinical message from the latest global orthopaedic literature. <i>360</i> has an interdisciplinary editorial board selected from some of the most notable names in orthopaedics around the world. The journal is displayed in an easy to read format, categorised by subspecialty, and provides full referencing for more in-depth reading. Our hope is that it should take no more than 60 minutes to read each issue and provide a 360 global perspective.</p> <p>*Please note that this resource is not Athens authenticated. <p>Bone and Joint Journal (See also <i>Journal of Bone and Joint Surgery-British</i>)</p> 	<p>1995 – present (OVID)</p> <p><i>The Bone & Joint Journal (BJJ)</i> formerly known as <i>The Journal of Bone & Joint Surgery (British Volume)</i> is published by The British Editorial Society of Bone & Joint Surgery and is a monthly journal that publishes articles contributing to orthopaedic knowledge from all sources in all countries.</p>
<p>British Journal of Healthcare Assistants</p> 	<p>2015 - present (EBSCO)</p> <p><i>British Journal of Healthcare Assistants (BJHCA)</i> is the only monthly, peer-reviewed journal to recognise the importance and potential of the million-strong group of healthcare support workers: healthcare assistants (HCAs) and assistant practitioners (APs).</p> <p>Each issue contains a wide range of bespoke, evidence-based articles providing examples of good practice in all areas of healthcare. Every article highlights learning outcomes, to support practitioners' training and to help extend their knowledge and skills.</p> <p>The journal campaigns strongly on professional issues such as registration and it conducted a nationally recognised survey on HCA/AP reactions to the Francis report in 2013.</p>
<p>British Journal of Surgery</p> 	<p>1995 – present (OVID)</p> <p>BJS features the very best in clinical and laboratory-based research on all aspects of general surgery and related topics. BJS has a tradition of publishing high quality papers in breast, upper GI, lower GI, vascular, endocrine and surgical sciences.</p> <p>Content includes Leading Articles, Reviews, Original Research Articles, Randomized Clinical Trials, Your Views and Book Reviews. View the table of contents page to see the latest papers published online. Papers are complete, peer reviewed and citable.</p>

<p style="text-align: center;">Cancer Nursing: An International Journal for Cancer Care</p> 	<p>1996- present (OVID)</p> <p>Cancer Nursing™ addresses the whole spectrum of problems arising in the care and support of cancer patients--prevention and early detection, geriatric and pediatric cancer nursing, medical and surgical oncology, ambulatory care, nutritional support, psychosocial aspects of cancer, patient responses to all treatment modalities, and specific nursing interventions.</p>
<p style="text-align: center;">Circulation</p> 	<p>1950 – present (OVID)</p> <p>Circulation publishes the most important papers from across the world of cardiology every week. Publishing a combination of basic, translational, clinical, and population research, the journal publishes the most authoritative articles and details the implications for application in your daily practice to improve patient outcomes. Circulation is recognized as one of the 100 most influential journals of the last 100 years in medicine and biology.</p>
<p style="text-align: center;">Clinical and Experimental Rheumatology</p> 	<p>2001 - present (publisher site)</p> <p><i>Clinical and Experimental Rheumatology</i> provides an international forum for both clinicians and scientists wishing to keep up with the latest developments in rheumatology. Every issue contains original articles, rapid papers, editorials, reviews, case reports and articles on pediatric rheumatology, all aimed at updating readers on the hottest topics in this complex and rapidly growing field.</p> <p>*Please note that this resource is not Athens authenticated. Contact the library for username and password to access full text articles. Alternatively, the login details can be found by going to: http://journals.nice.org.uk/ Log in with your Athens login, type in the name of the journal in the search box and press enter.</p>

<p>Clinical Medicine</p> 	<p>1998 – present (HighWire)</p> <p><i>Clinical Medicine</i> is aimed at practising physicians in the UK and overseas and has relevance to all those managing or working within the healthcare sector. The journal assists the Royal College of Physicians in supporting a wide range of specialties through a dedicated continuing medical education (CME) section in each issue. This presents the latest advances in a chosen specialty, with self- assessment questions at the end of each topic enabling CPD accreditation to be acquired. Six specialties are featured over the course of a year.</p>
<p>Clinical Obstetrics and Gynecology</p> 	<p>1996 – present (OVID)</p> <p>Each issue of <i>Clinical Obstetrics and Gynecology</i> is a complete symposium on one or two timely topics of interest in obstetrics and gynecology. For each quarterly issue, two prominent guest editors solicit contributions on key clinical topics of interest to practicing physicians. Procedures, current clinical problems, medical and surgical treatments, and effective diagnostic aids are all carefully reviewed in original articles.</p>
<p>Clinical Orthopaedics and Related Research</p> 	<p>2008 – present (Springer)</p> <p>Devoted to disseminating new and important orthopaedic knowledge, <i>Clinical Orthopaedics and Related Research</i>® is a leading peer-reviewed orthopaedic journal and a publication of The Association of Bone and Joint Surgeons®. CORR® brings readers the latest clinical and basic research and informed opinions that shape today's orthopaedic practice, thereby providing an opportunity to practice evidence-based medicine.</p>

<p style="text-align: center;">Co-kinetic</p> 	<p>1999 – present (print/electronic journal)</p> <p>Formerly <i>Sportex Medicine</i> (1999-2015)</p> <p>Co-kinetic supercedes Sportex Medicine & Dynamics and covers the topics of physical therapy; manual therapy; diagnostic imaging and sports medicine. The articles are written by leading physical, manual and sports medicine therapists from around the world.</p> <p>*Please note that this resource is not Athens authenticated. Contact the library for username and password to access full text articles. Alternatively, the login details can be found by going to: http://journals.nice.org.uk/ Log in with your Athens login, type in the name of the journal in the search box and press enter.</p>
<p style="text-align: center;">Critical Care Medicine</p> 	<p>1995- present (OVID)</p> <p><i>Critical Care Medicine</i> is the premier peer-reviewed, scientific publication in critical care medicine. Directed to those specialists who treat patients in the ICU and CCU, including chest physicians, surgeons, pediatricians, pharmacists/pharmacologists, anesthesiologists, critical care nurses, and other healthcare professionals, <i>Critical Care Medicine</i> covers all aspects of acute and emergency care for the critically ill or injured patient.</p>
<p style="text-align: center;">Current Opinion in Anesthesiology</p> 	<p>1998 – present (OVID)</p> <p><i>Current Opinion in Anesthesiology</i> features hand-picked review articles from a team of expert editors. With fifteen disciplines published across the year – including cardiovascular anesthesiology, neuroanesthesia and pain medicine – every issue also contains an in-depth bibliography gleaned from several hundred top journals in the field, complete with annotations detailing the merits of the most important papers.</p>

<p style="text-align: center;">Current Orthopaedic Practice</p> 	<p>2008 – present (OVID)</p> <p>Current Orthopaedic Practice is a peer-reviewed, general orthopaedic journal designed to translate clinical research into best practices for diagnosing, treating, and managing musculoskeletal disorders for the busy practitioner.</p>
<p style="text-align: center;">Foot and Ankle Clinics</p> 	<p>2001 – present (ScienceDirect)</p> <p><i>Foot and Ankle Clinics</i> updates you on the latest trends in patient management; keeps you up to date on the newest advances; and provides a sound basis for choosing treatment options. Each issue focuses on a single topic in foot and ankle surgery and is presented under the direction of an experienced guest editor.</p>
<p style="text-align: center;">Foot and Ankle International</p> 	<p>1999 - present (SAGE)</p> <p><i>Foot and Ankle International (FAI)</i>, in publication since 1980, is the official journal of the American Orthopaedic Foot & Ankle Society (AOFAS). This monthly medical journal emphasizes surgical and medical management as it relates to the foot and ankle with a specific focus on reconstructive, trauma, and sports-related conditions utilizing the latest technological advances.</p>

<p>Harvard Business Review</p> 	<p>1922 – present (Health Business Elite)</p> <p><i>Harvard Business Review</i> is a flagship journal that aims to improve the practice of business and management in a changing world.</p> <p>Also held in print for last 12 months</p>
<p>Health Service Journal</p> 	<p>2007 – present (EMap)</p> <p>Published weekly, <i>HSJ</i> is a good source of information about current issues in health policy and the impact that they have.</p> <p>*Please note that this resource is not Athens authenticated. Contact the library for username and password to access full text articles. Alternatively, the login details can be found by going to: http://journals.nice.org.uk/ Log in with your Athens login, type in the name of the journal in the search box and press enter.</p>
<p>Journal of Arthroplasty</p> 	<p>2006 – present (ScienceDirect)</p> <p>The <i>Journal of Arthroplasty</i> brings together the clinical and scientific foundations for joint replacement. This peer-reviewed journal publishes original research and manuscripts of the highest quality from all areas relating to joint replacement or the treatment of its complications, including those dealing with clinical series and experience, prosthetic design, biomechanics, biomaterials, metallurgy, biologic response to arthroplasty materials in vivo and in vitro.</p>

<p>Journal of Bone & Joint Surgery (American)</p> 	<p>1889 – 1948 (JBJS Archive) 1948 - present (OVID)</p> <p>A core journal and essential reading for general as well as specialist orthopaedic surgeons worldwide, <i>The Journal</i> publishes evidence-based research to enhance the quality of care for orthopaedic patients.</p>
<p>Journal of Bone and Joint Surgery (British)</p> <p>See also <i>Bone and Joint Journal</i></p>	<p>1948 – 1995 (JBJS Archive)</p>
<p>Journal of Bone & Joint Surgery (A) Reviews</p> 	<p>2013 – present (OVID)</p> <p><i>JBJS Reviews</i> is a new and innovative monthly review journal from the publishers of <i>The Journal of Bone & Joint Surgery</i>. This continuously published online journal, with associated mobile apps, provides comprehensive, objective, and authoritative review articles written by recognized experts in the field.</p>
<p>Journal of Hand Surgery (American)</p> 	<p>2006 – present (ScienceDirect)</p> <p><i>The Journal of Hand Surgery</i>, the official publication of the American Society for Surgery of the Hand, publishes original, peer-reviewed articles related to the diseases and conditions of the upper extremity. Both clinical and basic science manuscripts are considered. The journal also publishes case reports, technique articles, and clinical perspective reports.</p>

<p>Journal of Hand Surgery (European)</p> 	<p>1999 – present (SAGE)</p> <p>The Journal of Hand Surgery (European Volume) is essential reading for everyone involved in restoring the function to the hand and upper limb. Dedicated to the needs of hand, plastic, reconstructive and orthopaedic surgeons, it publishes the best selection of current papers on hand surgery.</p> <p>The journal regularly highlights key developments in a range of original, authoritative and highly informative articles written by distinguished experts from around the world. Rapid coverage of the latest research, techniques, trends and ideas to make sure you stay up-to-date.</p>
<p>Journal of ISAKOS</p> 	<p>2016 – present (BMJ)</p> <p><i>Journal of ISAKOS: joint disorders & orthopaedic sports medicine</i> is the new bi-monthly journal of the International Society of Arthroscopy, Knee surgery and Orthopaedic Sports Medicine which was launched in January 2016.</p>
<p>Journal of Orthopaedic Research</p> 	<p>2001 – present (Wiley)</p> <p>The <i>Journal of Orthopaedic Research</i> is the forum for the rapid publication of high quality reports of new information on the full spectrum of orthopaedic research, including life sciences, engineering, translational, and clinical studies.</p>

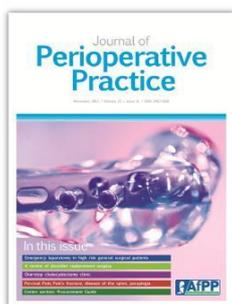

Journal of Pediatric Orthopaedics

1996 – present (OVID)

Journal of Pediatric Orthopaedics is a leading journal that focuses specifically on traumatic injuries to give you hands-on on coverage of a fast-growing field. You'll get articles that cover everything from the nature of injury to the effects of new drug therapies; everything from recommendations for more effective surgical approaches to the latest laboratory findings.

Journal of Perioperative Practice

2006 – present (CINAHL)

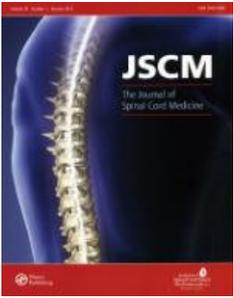

Journal of Perioperative Practice promotes perioperative practice by publishing literature reviews, research-based articles, topical discussions, advice on clinical issues, current news items and product information. This peer-reviewed journal is published monthly.

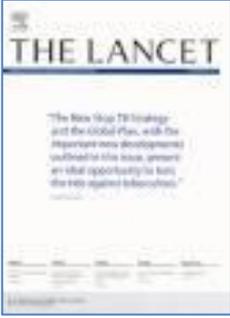

Journal of Shoulder and Elbow Surgery

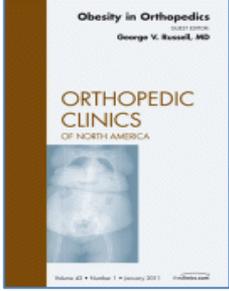

2006 – present (ScienceDirect)

The official publication for eight leading specialty organizations, this authoritative journal is the only publication to focus exclusively on medical, surgical, and physical techniques for treating injury/disease of the upper extremity, including the shoulder girdle, arm, and elbow. Clinically oriented and peer-reviewed, the Journal provides an international forum for the exchange of information on new techniques, instruments, and materials. Topics covered include fractures, dislocations, diseases and injuries of the rotator cuff, imaging techniques, arthritis, arthroscopy, arthroplasty, and rehabilitation.

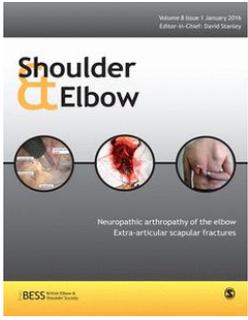

<p>Journal of Spinal Cord Medicine</p> 	<p>2005 – present (with 12 month embargo) (UK Pubmed Central)</p> <p><i>JSCM</i> publishes articles encompassing the field of spinal cord medicine leading to excellence in practice, education, research, policy development, and academic administration. It includes original research, reviews, clinical notes, case reports, technical perspectives, editorials, letters to the editor, commentaries, and abstracts of literature, dealing with the subject of spinal cord impairment.</p>
<p>Journal of the American Academy of Orthopaedic Surgeons (JAAOS)</p> 	<p>1993 – present (OVID)</p> <p><i>Journal of the American Academy of Orthopaedic Surgeons (JAAOS)</i> is the #1 clinical review journal of musculoskeletal education in the world. It is the official clinical orthopaedic review journal of the American Academy of Orthopaedic Surgeons, which represents more than 38,000 active members globally. The peer-reviewed articles presented each month in <i>JAAOS</i> critically evaluate and synthesize current information regarding the diagnosis and management of musculoskeletal conditions and document the current state of orthopaedic practice.</p>
<p>Journal of Trauma and Acute Care Surgery</p> 	<p>1995 – present (OVID)</p> <p><i>The Journal of Trauma and Acute Care Surgery</i> (formerly <i>The Journal of Trauma® Injury, Infection, and Critical Care</i>) is published 12 times per year by Lippincott Williams & Wilkins in two volumes beginning in January and July. Content focuses specifically on traumatic injuries giving the reader hands-on coverage of this fast-growing specialty. Articles cover everything from the nature of the injury to the effects of new drug therapies...from recommendations for more effective surgical approaches to the latest laboratory findings.</p>

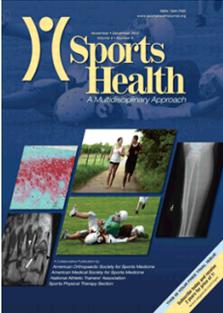

<p>Journal of Urology</p> 	<p>December 2005 – present (OVID)</p> <p><i>The Journal of Urology provides physicians with all of the clinically relevant information needed to stay at the forefront of this dynamic specialty.</i></p>
<p>Lancet</p> 	<p>2008 – current year but with a 90 day embargo</p> <p>Founded in 1823, the Lancet is the world's leading independent general medical journal with coverage that is international in focus and extends to all aspects of human health. The journal publishes original primary research and review articles of the highest standard, and is stringently edited and peer-reviewed to ensure the scientific merit and clinical relevance of its diverse content.</p>
<p>Neurology</p> 	<p>1995 – present (OVID)</p> <p>The #1 most cited neurology journal worldwide*, Neurology is concerned with diseases and conditions of the nervous system. It continues to advance the field by presenting new basic and clinical research emphasizing knowledge that will influence the way neurology is practiced.</p>

<p>Nursing Research</p> 	<p>1996 – present (OVID)</p> <p><i>Nursing Research</i> covers key issues, including health promotion, human responses to illness, acute care nursing research, symptom management, cost-effectiveness, vulnerable populations, health services, and community-based nursing studies.</p>
<p>Nursing Times</p> 	<p>Sep 2000 – present (EMap)</p> <p><i>Nursing Times</i> is the leading weekly magazine for nurses in the United Kingdom. The magazine and its website nursingtimes.net publish original nursing research and a host of clinical articles for nurses at all stages in their career. It also features a comprehensive section on nursing jobs with both NHS jobs and the full spectrum of other nursing careers available to be looked at.</p> <p>*Please note that this resource is not Athens authenticated. Contact the library for username and password to access full text articles. Alternatively, the login details can be found by going to: http://journals.nice.org.uk Log in with your Athens login, type in the name of the journal in the search box and press enter.</p>
<p>Obstetrics and Gynecology</p> 	<p>1995 – present (OVID)</p> <p><i>Obstetrics & Gynecology</i> is the official publication of the American College of Obstetricians and Gynecologists (the College). Popularly known as "The Green Journal," <i>Obstetrics & Gynecology</i> has been published since 1953. Then as is now, the goal of the journal is to promote excellence in the clinical practice of obstetrics and gynecology and closely related fields.</p>

<p>Orthopedic Clinics of North America</p> 	<p>1997 – present (ScienceDirect)</p> <p>Comprehensive, state-of-the-art reviews by experts in the field provide current, practical information on the diagnosis and treatment of conditions affecting the musculoskeletal system. Each issue of Orthopedic Clinics of North America focuses on a single topic relevant to your orthopedic surgery practice, from low back pain to minimally invasive joint reconstruction.</p>
<p>Orthopaedic Nursing</p> 	<p>2001 – present (OVID)</p> <p><i>Orthopaedic Nursing</i> is an international journal focusing on a wide variety of clinical settings. <i>Orthopaedic Nursing</i> provides departmental sections on current events, organisational activities, research, product and drug information, and literature findings. Articles reflect a commitment to professional development and the nursing profession as well as clinical, administrative, academic, and research areas of the orthopaedic specialty.</p>
<p>Orthopaedics and Trauma</p> 	<p>2004 – present (ScienceDirect)</p> <p><i>Orthopaedics and Trauma</i> presents a unique collection of International review articles summarizing the current state of knowledge and research in orthopaedics. Each issue focuses on a specific topic, discussed in depth in a mini-symposium; other articles cover the areas of basic science, medicine, children/adults, trauma, imaging and historical review. There is also an annotation, self-assessment questions and a 'second opinion' section. In this way the entire postgraduate syllabus will be covered in a 4-year cycle.</p>

<p style="text-align: center;">Plastic and Reconstructive Surgery</p> 	<p>1996 – present (OVID)</p> <p><i>Plastic and Reconstructive Surgery</i>® brings subscribers up-to-the-minute reports on the latest techniques and follow-up for all areas of plastic and reconstructive surgery, including breast reconstruction, experimental studies, maxillofacial reconstruction, hand and microsurgery, burn repair, cosmetic surgery, as well as news on medicolegal issues.</p>
<p style="text-align: center;">Radiographics</p> 	<p>1981 – present (RSNA)</p> <p>The primary mission of <i>RadioGraphics</i> is to publish the best in peer-reviewed educational material, emphasizing that presented at the annual meeting of the RSNA, for radiologists, trainees, physicists, and other radiologic professionals.</p>
<p style="text-align: center;">Radiology</p> 	<p>1999 – present (RSNA)</p> <p><i>Radiology</i> has long been recognized as the authoritative reference for the most current, clinically relevant and highest quality research in the field of radiology. Each month the journal publishes approximately 300 pages of peer-reviewed original research, authoritative reviews, well-balanced commentary on significant articles, and expert opinion on new techniques and technologies.</p>

<p>Shoulder and Elbow</p> 	<p>2009- present (SAGE)</p> <p><i>Shoulder & Elbow</i> is devoted to the advancement of the science of diagnosis and management of shoulder and elbow disorders. The Journal publishes peer-reviewed original research articles and reviews related to shoulder and elbow surgery and rehabilitation that strive to: foster and advance the science and practice of shoulder and elbow disorders, standardize assessment, scoring of disability and nomenclature relevant to the shoulder and elbow, improve quality of care by encouraging the collection of scientific data and functional outcomes, promote and stimulate research and encourage international research collaboration, and cultivate international relationships in the field of shoulder and elbow care.</p>
<p>Spinal Cord</p> 	<p>1963 – present (Nature)</p> <p><i>Spinal Cord</i> is published monthly and deals with all aspects of spinal anatomy, physiology and lesions (injury and disease). <i>Spinal Cord</i> is a multi-disciplinary forum for basic science, clinical and applied studies, psychology and epidemiology of spinal disorders, and is committed to the rapid publication of high quality original papers, topical reviews, editorial correspondence and occasional commentaries on controversial or ethical issues.</p>
<p>Spine</p> 	<p>1996 – present (OVID)</p> <p>Recognized internationally as the leading journal in its field, <i>Spine</i> is an international, peer-reviewed, bi-weekly periodical that considers for publication original articles in the field of spine. It is the leading subspecialty journal for the treatment of spinal disorders. Only original papers are considered for publication with the understanding that they are contributed solely to <i>Spine</i>. The Journal does not publish articles reporting material that has been reported at length elsewhere.</p>
<p>Sportex Medicine</p>	<p>See entry for <i>Co-kinetic</i></p>

<p style="text-align: center;">Sports Health: A Multidisciplinary Approach</p> 	<p>2009 – present (SAGE)</p> <p><i>Sports Health: A Multidisciplinary Approach</i> is an indispensable resource for all medical professionals involved in the training and care of the competitive or recreational athlete, including primary care physicians, orthopaedic surgeons, physical therapists, athletic trainers and other medical and health care professionals.</p>
<p style="text-align: center;">Stroke</p> 	<p>1970 – present (OVID)</p> <p>Each monthly issue of <i>Stroke</i> represents the best in the field-- original contributions, research letters, case reports, short communications, advances, comments, opinions, reviews, controversies, emerging therapies, topical reviews, and Cochrane Corner.</p>
<p style="text-align: center;">Transplantation</p> 	<p>1996 – present (OVID)</p> <p>Consistently ranked among the top impact factor journals in Transplantation, Surgery and Immunology (Journal Citation Reports), the journal publishes original research Articles under the categories of 'Clinical and Translational' and 'Basic and Experimental'. Rapid Communications bring attention to research at the forefront of the field. Other areas covered include cell therapy and islet transplantation, immunobiology and genomics, and xenotransplantation.</p>
